THE THREE SILENCES.

Mysterious sounds from realms beyond our reach. O thou whose daily life anticipates
The life to come, and in whose thought

and word The spiritual world preponderates,
Hermit of Amesbury! thou too hast heard
Voices and melodies from beyond the

stirred?

HENRY W. LONGFELLOW.

The New Master.

Samuel E. Adams, the Master elect of the National Grange, was born in Ver- Station \$3 to \$4 a ton. mont, in December, 1828. He moved West in 1855, and from that time until now with the exception of a few months, Dartmouth College for a couple of years, but finally was compelled to leave on account of ill-health. He has served twice as Senator in the State Legislature. He now owns 1000 acres of land in Min nesota, and is managing several farms. As a business man he must have the con well in the estimation of his brothers and Grange of Minnesota. - Grange Bulletin.

The Good of the Grange.

If the Grange organization accomplishes no other good than the bringing to per cent. of lime. Mr. Lewis informs us To the young of both sexes, in rural com- to fruit trees. munities, this intercourse is especially THE PEACH CROP-CANNING PEACHES-MARvaluable. The awkwardness and reserve which continuous isolation begets, melts away at these congenial assemblings, and grace and self-possession soon become a second nature. If the younger members of the grange do not readily become in-terested in dry detail and dull routine, terested in dry detail and dull routine, prefering their own lively gossip instead, do not consider the time wasted, for it is Southern markets in one year. If they not. Neither should harsh reproof be admitted, if inadvertently some breach of etiquette be observed. These things will work themselves right in good time and no heart-burnings or mortifications should exist to mar the pleasures of fraternal From present appearances the first flow MISCELLANEOUS ADVERTISEMENTS. intercourse. There will be enough of unhappiness in the future of every life fruit growers and gardeners, chiefly from without needlessly creating it upon such the Western States. occasions. Grange meetings should be schools for old and young, and it will be impossible for any man or woman, boy or girl, to attend these meetings without that canning peaches and canning and learning something, no matter how stupid preserving various kinds of fruits in this he or she may be. The very air of such country should become an important and meetings is alive with intelligence, and paying industry. Numerous objections the mind unconsciously receives more or have been raised, but the country is full less of it, as if by absorption. -Son of of objections and stumbling blocks, which

Statistics of the Grange.

The following figures show the number eranges in active existence in each State at the last annual report, the number of paid up members reported and the number of new granges organized since the beginning of the grange year:

The Secretary's supplementary report of last year showed 14,634 granges on a paying basis, with 588,537 members.

Agricultural Items.

Take the papers, so that if there is an advance in grain, hogs or cattle you will know it as soon as the speculator.

A million families in our towns and cities are living on the profits of selling liquor, tobageo and candy—all injurious wheat cakes.

Wheat flour to three fourths of rice flour; FRENCH BONNETS, HATS, and a full line of BERLIN ZEPHYR WEBSTED, JAVA

The Vinton (Iowa) Eagle says Messrs. one-half cup of butter, one cup sugar, Knapp & Story, of that place, recently one tablespoonful ginger, one lemon, teas-sold from their herd of Berkshires a sow poonful cinnamon; bake, and sauce.

Lower Prices than any other Fashionable Establishment in the City of New Orleans. and three pigs for \$500.

Sinclair & Co., of Cedar Rapids, Is. have cut since March 1st, 1877, 104,294 penknife, put them in a pan, and fill

A large portion of our population are inclined to shun the quiet ways of engaging in productive labor, but are seeking the grooked paths of speculation and peedless traffic.

To intermit in products of a rarm week fruit-raising is carried on to any extent. Novis II-iy.

The steadily increasing foreign demand for American dried fruit and the remunerative prices obtained must in time make this branch of the farm one of much peedless traffic.

On the N. O., St. L. and C. Rail-

BYRAM STATION MARL. BYRAM STA., Miss., Dec. 3, 1877. This morning we came to Byram Station, on the New Orleans, St. Louis and Chicago Railroad, 174 miles from New Three Silences there are; the first of speech,
The second of desire, the third of thought;
This is the love a Spanish monk, disous articles. Mr. Ervin Lewis, the pro-With dreams and visions, was the first to prietor of the marl, lives at this station. He informs us that our articles have at-These Silences, commingling each with tracted considerable attention to this each,
Made up the perfect Silence that he point, and that eight car loads of marl have been taken to Crystal Springs and And prayed for, and wherein at times he stations below, as far down as McComb City. Mr. Lewis has received many letters of inquiry about these marls, some from the Western States.

COST OF MARL BY THE TON AND CAR LOAD A car will take about 20,000 pounds at a time. It can be delivered on the cars at Byram Station at \$2.59 a tou, or \$62.50 And speakest only when thy soul is a car load. The Railroad Company will take it to any point on the road at the lowest railroad rates, a cent a ton a mile or twenty cents a mile a car load, about \$35 a car load to New Orleans. Cost per ton delivered anywhere, above or below, not over 150 miles from Byram

EXPERIMENTS WITH MARLS. Prof. Hillgard has shown from analy has lived in Minnesota. He attended sis the composition of marls in different parts of Mississippi, and particularly that at Byram Station ; but we have been astonished that no complete experiments have been made with this valuable fertilizer; or we can hear of none. What we want to know now is how much should be spread upon an acre of pine fidence of his neighbors, for he has acted land, or any other lands, and what the as chairman of the County Agricultural increase would be in the corn, or cotton, Society. As a Patron he seems to stand or potato, or grass crops, or any other crops by the application of \$5, \$10 or sisters, since he was kept for six years as \$20 worth of marl to the acre. What master of his Subordinate Grange, and elected a second time Master of the State will it do for fruit trees, gardens, etc? How much can gardens, farms or fruit growers afford to pay per ton for it? We hope to get satisfactory answers to such questions next fall.

This marl is made up of marine shells principally, but occasionally bones are mixed with it. It contains nearly fifty gether of isolated families and affording that it has been applied very successfulopportunities for friendly and social in- ly to fruit trees on sandy soil, and that it tercourse, it will not have labored in vain. destroys the borer, and other enemies

KET GARDENING. CRYSTAL SPRINGS, Copiah Co., Miss.,

Dec. 4, 1877. Copiah County is the great fruit centre of this section of Mississippi. Over early vegetables for Western markets.

CANNING PEACHES. It has for some years appeared to us prove nothing but the stubborn opposition of objections to progressive move-ments and small industries. Some contend that Southern fruit will not keep like Northern fruit; that this climate is LEON GODCHAUX, unfavorable to cauning; that the fruit foments badly in this climate, and other bjections too numerous to repeat.

As answer to most or all of these ob-

ections we will state that we saw yesterday at Mr. Joseph H. Miller's, a jar of peaches put op in 1871, six years ago, GOODS by Mrs. Miller, and the fruit looks as nice and fresh, and pure as peaches put up this season. The jar has not been opened for six years. Msr. Miller puts up canned fruit every year, and says she has no trouble in keeping the fruit as perfect as that contained in the jar of 1871, which contained Crystal Springs peaches, good sugar and pure water, and nothing else.

And this is her recipe, which she brought from New Jersey, and we suppose it is about the same as that which is generally used in this country:

RECIPE. Pare and cut the peaches, pack them in a glass jar as tight as possible, mix this has cooled, fill each jar about half CHINCHELLA AND BEAVER OVERand set the jars in a kettle of cool water. Common Over Coars.... hour, then screw the lids as tight as possible without breaking, each jar being full of juice and fruit. As they cool tighten the covers a little more.

We hope the ladies will turn their atlions in it" when properly worked up.
Many families in South Carolina make money by putting up canned and preserved fruits, jellies and pickles for the New York market. Why can it not be ket in the country. done in Mississippi and Louisiana? DAN'L DENNET.

MEDICAL. TENER

PURIFIES THE BLOOD, Renovates and Invigorates the Whole System.

ITS MEDICINAL PROPERTIES ARE ALTERA-TIVE, TONIC, SOLVENT AND DIURETIC.

VEGETINE is made exclusively from the juices of carefully selected barks, roots and herbs, and so strongly concentrated, that it will effectually eradicate from the system every taint of Scrofulas, Scrofulous Hammer, Tumoru, Cancer, Cancerons Hamor, Tumoru, Cancer, Cancerons Hamor, Erysipelius, Sait Bheam, Syphillife Diseases, Canker, Faintness at the Stomach, and all diseases that arise from impure blood. Scintica, Fuffammanatory and Chronic Eheutmatism, Neuralgia, Gont and Spinal Complaints, can only be effectually cured through the blood.

For licers and Ermptive Diseases of the Skin, Fustnies, Fimples, Blotches, Boils, Tetter, Scald-head and Ringworm, VEGETINE has never falled to effect a permanent cure.

For Pains in the Back, Ridney Complaints, Bropsy, Femnie Weakness, Leucorrhem, arising from internal ulceration, and uterine diseases and General Behitity, VEGETINE, acts directly upon the causes of these complaints. It invigorates and strengthens the whole system, acts upon the seretive organs, allays inflammation, cures ulceration and regulates the bowels.

For Catarrah, Desmensia, Habitual

THE BEST EVIDENCE. The following letter from Rev. E. S. Best, Paster of M. E. Church, Natick, Mass., will be read with interest by many physicians. Also, those suffering from the same disease as afflicted the son of the Rev. E. S. Best. No person can doubt this testimony, as there is no doubt about the curative powers of VEGETINE:

Mr. H. B. STREERS: Dear Sir-We have good reason for regarding your VEGETINE a medicine of the greatest value. We feel assured that it has been the means of saving our son's life. He is now seventeent years of age: for the last two years he has suffered from necrosis of his legicused by serodulous affection, and was so far reduced that nearly all who saw him thought his recovery impossible. A council of shie physicians could give us but the fainthat he was beyond the reach of inumar remoties, that even amputation could not save him, as he had not vigor caough to endure the especiation. Just then we commenced giving him VEGETINE, and from that time to the present he has been continuously improving. He has lately resumed his studies, thrown away his crutches and cane, and walks about cheerfully and strong.

Though there is still some discharge from the opening where the limb was lanced, we have the fullest confidence that in a little time he will be perfectly cured.

He has taken about three dozen bottles of VEGETINE, but lately usee but little, as he declares that he is too well to be taking medicine.

Essectfully yours, E. S. BEST.

MES. L. C. F. REST.

ALL DISEASES OF THE BLOOD. If VEGETINE will relieve pain, cleanse, pu-If VEGETINE will relieve pain, cleanse, purify and cure such diseases, restoring the patient to perfect health after trying different physicians, many remedies, suffering for years, is it not conclusive proof, if you are a sufferer, you can be cured? Why is this medicine performing such great cures? It works in the blood, in the circulating fluid. It can truly be called the GREAT BLOOD PURIFIER. The great source of disease originates in the blood; and no medicine that does not act directly upon it, to purify and renovate, has any just claim upon public attention.

Recommend It Heartily. Mr. Strums: Dear Sir-I have taken several bottles of your VEGETINE, and am convinced it is a valuable transity for Dyspepsia, Kidney Complaint, and general debility of the system.

I can heartify recommend it to all suffering from the glove complaints. Yours respectfully.

ation and regulates the bowels.

For Ontarrh, Dyspepsia, Habitual Costiveness, Palpitution of the Heart, Hendache, Piles, Nervoussess and General Prostration of the Nervous System, no medicine has given such perfect satisfaction as the VEGETINE. It purifies the blood, cleanses all of the organs, and possesses a controlling power over the nervous system. The remarkable curse effected by VEGETINE have induced many physicians and apothecaries whom we know to prescribe and use it in their

own families.

In fact, VEGETINE is the best remedy yet discovered for the above diseases, and is the only reliable BLOOD PURIFIER yet placed before the public.

Respectfully yours, E. S. BEST. MRS. L. C. F. BEST.
